SPACE AI FORUM 2026
Advancing Autonomy and Intelligence in Orbit
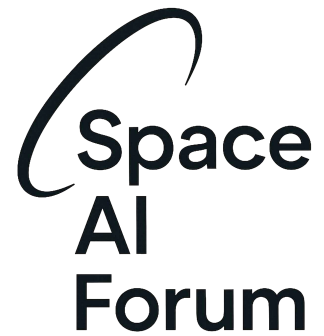

CALL FOR PAPERS

Online • Saturday 14 March 2026 • 15:00–18:00 GMT

Website: https://spaceai.org.uk

Contact: enquiries@spaceai.org.uk

ABOUT

The Space AI Forum brings together researchers and practitioners working on Artificial Intelligence for a variety of space-related applications. These include, but are not limited to, satellites, planetary robotics, ground and flight segments, mission operations, and science data systems.

SUBMIT

Please refer to the official website for detailed information regarding the submission link, important dates, paper length requirements, the review policy, and a comprehensive list of relevant topics. All updates will be posted on the website.

PROGRAM

The forum will feature a single-track online session showcasing accepted papers and invited talks. The final schedule will be made available on the website.

ORGANIZATION

Program Chair: Sylvester Kaczmarek. Attendance is free for the first edition.

ACCESSIBILITY

Live captions will be enabled for the duration of the event. Please do not hesitate to contact the organizers for any specific accessibility needs.

POLICIES

Detailed information regarding the code of conduct, privacy policy, conflict of interest guidelines, and recording information can be found on the forum's website.
